

A screenshot of the Windows 10 taskbar. The taskbar is white and contains the Start button, a search bar, and several pinned application icons. On the right side of the taskbar, there is a system tray area containing the clock (showing 3:00), the weather (showing 64°F and 74°F), and a row of system icons including network, volume, and power. The background of the taskbar is white, and the overall theme is light blue.
